

FREEDOM AREA SCHOOL DISTRICT CONTINUOUS IMPROVEMENT PLAN

The Freedom Area School District Continuous Improvement Plan identifies and monitors the four core areas listed below and the impact each area has on the district mission and vision as we serve our students, families and community. The Continuous Improvement Plan, and the Key Performance Indicators encompassed within each core area, represent the overall health of the school district as an organization of teaching and learning. As a school district, our excellence is measured by the top-notch, well-rounded educational experience we provide for every student. The Freedom Area School District - **where excellence is not only our goal, it is our tradition.**

Building/Department Focus Area - Food Service

Focus Area One - Student Engagement

In effort to grow the Food Service Department and better serve students and families, we will create focus groups to increase both parent and student engagement. Gaining both parent and student perspective will help determine our next steps.

Focus Area Two - Menus

Increasing participation will remain a top priority. We will achieve this by offering better quality and scratch cooking to our menus.. We will incorporate interactive menus. These menus will help ensure our offerings are compliant with regulations but also useful for dietary restrictions and desires for students and families.

Focus Area Three - Lunch Balances

The Food Service Department will continue to address negative lunch balances throughout the district. The focus will be on current, active accounts. We will look to create an "Angel Fund" to assist families in need with past due balance.

Goal	Baseline	Mid Year	End of Year
Student Engagement	Survey all groups	Implementing new items	
Grow Participation	Scratch cooking - having better options		
Compliant Menus	Explore software options		
Negative Lunch Balances	Angel Fund Basics	Phone calls for low balance
